

Shaping the future together for a society worth living in – this is the vision of TH Wildau! As a university of applied sciences, we aim to support societal transformation in a responsible and practice-oriented manner. We bring technology and management together, thereby creating interdisciplinary spaces for innovative learning environments and fostering creativity in research and teaching. In the Berlin/Brandenburg metropolitan region, our campus is known as a place where a range of professional cultures meet each other, collaborate and engage in lifelong learning. In the spirit that our campus integrates state-of-the-art facilities within 19th-century industrial architecture, our aim as professionals and as people is to forge connections.

At TH Wildau, as part of the internal funding programme “Sprungbrett Campus” – a career entry scheme for international graduates from non-EU countries, the following position in the department WIR is to be filled from **1. July 2026 or as soon as possible**:

## Research Coordinator: Crossover – Culture & Management (m/f/d)

Reference number: 2026\_SBC\_03
