

Welcome to SCC LEGAL: SCC LEGAL is a law firm specialized in chemical law. As a newly founded spin-off, we cooperate closely with our scientific partner SCC Scientific Consulting Company which is one of Europe's largest consultancy companies for regulatory services with more than 140 experts from different countries. While SCC Scientific Consulting Company manages registration and approval procedures for chemicals such as agrochemicals, biocides, medical devices etc., SCC LEGAL provides legal support to SCC Scientific Consulting Company as well as to our clients in the chemical industry. Together, we share the same goal: to grow further, in an international client environment. In a personal, open working culture, we focus on good team spirit as well as the best outcome for our clients. Located at the heart of the Rhine-Nahe region, alongside nature, but also right next to the vibrant Rhine-Main area.

You have a (business) law degree (e.g. Bachelor, Master, 1st state examination) or proof of relevant legal experience? Then join our team and expand our expertise as
