

FOLLOW OUR GOOD NAME!

Welcome to the SCC GmbH team: We are one of Europe's biggest consultancy companies in the regulation sphere, a respected partner of the chemical industry, and, for more than 130 experts from different countries, a professional home. Our passion: managing registration and approval procedures for chemicals such as agrochemicals, pesticides, biocides, etc. Our goal: to grow even further, in an international client environment. In the personal, open working culture of a family business that is focused on caring for its team. Located at the heart of the Rhine-Nahe region, alongside nature, but also right next to the vibrant Rhine-Main area. Expand our scientific expertise as

NATURAL SCIENTIST (M/F/D) - REGULATORY AFFAIRS

BAD KREUZNACH
